

1840 Federal Census

1840 census

Names listed as indexed in various census sources. The standard Crippen/Crippin has creative translations in the 1840 census. Not all creative translations are included here, they will need further research as to proximity with other Crippens in an area. One ex., not verified is Criptor.

Grippen not included here due to size of this census. Grippen & Griffis names will be identified in the future.

Note: The 1840 Census contained 77 columns of data. Obviously something had to be left out to avoid multiple screen shifts to the right. The problem; to fit the data formatting on screen sizes, from a laptop to 20 inch monitors. Revolution War Pensioners, Slaves, Occupation, & Deaf, Dumb, Blind, Insane were not included. Revolution War Pension can be added under the Military section of the website.
